A SMARTER SEARCH
With millions of students participating each year, College Board Search offers unmatched reach to college-bound students. Our team will help you customize your College Board Search Access Plan to make use of Search’s scale while choosing from robust features that meet your goals and budget.

AN INVESTMENT IN STUDENTS
Students who participate in Search are:

- 25% more likely to enroll in college
- 31% more likely to graduate on time

FEATURES:

**Interest in My College**
Reach handraisers who’ve added your institution to their BigFuture® college list.

**National Recognition Programs**
Broaden your outreach by connecting with underrepresented students who have been awarded National Recognition.

**Landscape® Context**
Understand students’ accomplishments in the context of the opportunities available to them.

**Enrollment Planning Service™**
Research high schools, design efficient travel plans, and create compelling marketing messages.

**Segment Analysis Service™**
Identify prospective students based on where they live and learn with this data-tagging tool.

**Interest in My Peers**
Connect with students who are likely to enroll because they’ve demonstrated interest in similar institutions.

**Parent Contacts**
Engage parents/caring adults who are eager to participate in college planning with their student.

**Living Record**
Personalize your outreach efforts with updated information collected as students engage with College Board over time.

**Student Plans and Preferences**
Target your campaigns based on the college plans and preferences that students share with College Board.

**Search Optimization Service**
Maximize your Search investment with access to supplemental support offerings to refine your Search strategy.
